In the matter of the Foster Gold Mining and Milling Company, Limited, and the Winding-up Act:

TAKE NOTICE THAT BY ORDER OF THE Supreme Court I shall offer the following described property for sale by tender: Three Mineral Grants, being Lots 101, 102, and 103, Lillooet District, containing the Foster Mine, and the Mill and mining materials, tools and implements now on the ground or in store, consisting of a Ten-Stamp Mill, four Duncan Concentrators. A large amount of valuable work has been performed on the mine. The mine is on Kelly's Creek, 15 miles from Clinton. A wagon road has been opened to the property. There is a boarding house at the mine, and every facility for continuing the works.

Tenders to be sent to me or Messrs. Drake, Jackson & Helmcken, Victoria, on or before the 12th July next, where a list of the articles, plan of the mine and assays of the ore can be seen.

J. A. TURNER,
Liquidator,
Wharf Street, Victoria.

SPORTS AND PASTIMES.

THE TURF.

Badge won a one mile race at Sheepshead Bay, New York, last Wednesday in 1:40, a quarter of a second behind Tenbroeck's famous record, but really the fastest time ever made, for it was made in a race with other horses and Badge carried 115 pounds to Tenbroeck's 110.

HARDLY SO.

Odds of two to one are being offered in Victoria against Sullivan in his fight with Kilrain. Odds of two to one are offered on Sullivan in the eastern states. Rather a disparity of judgment, says a Puget Sound paper. Odds of two to one that the "pugs" won't strike a blow is nearer the mark.

COLLAPSED.

A feature of the university races at New London, Conn., on Thursday was the sensational collapse of the Columbia crew, after being defeated by Cornell. As soon as the Columbias crossed the line the entire crew stopped rowing and six of the men fell back in a dead faint from exhaustion. Five of them recovered consciousness in a few minutes, but the other remained unconscious for half an hour. The entire crew were put to bed and are reported very weak.

LACROSSE.

The lacrosse boys had their final practice last evening before going to Vancouver. They are in good form and will play a better game than in the last match. They leave for Vancouver to-night. The following team has been selected to oppose them on Dominion Day: Bigham, J. Smith, D. Smith, Godfrey, Law, Stewart, Wade, Simpson, Suckling, Buigley, Woods, Rankin; Captain, Taylor.

AQUATIC.

The race between Harvard and Columbia freshmen was won by Harvard in 12 minutes, 21 seconds. The Columbia's time was 12 minutes, 28 seconds.

The race between Cornell, Columbia and the University of Pennsylvania crews, was won by Cornell by two lengths; Columbia second, three lengths ahead of Pennsylvania. Time, 16 minutes, 4 seconds.

BASEBALL.

The Amities will leave by the steamer Islander at 1 a. m. on Monday, to cross bats with the Kamloops club, returning Monday night. The Kamloops club is really the Donald club, which was defeated by the Amities at the Kamloops tournament last September. Marsh, the professional pitcher from Minneapolis, has joined them, bringing with him Watson, also a professional, to catch behind the bat. They have been further strengthened by the addition of three new infielders from the east, making altogether a strong aggregation. Our boys will have their work cut out to win, but they are not discouraged. The game is for a prize of $125 and will commence as soon as the train arrives Monday afternoon.

SPORTS IN GENERAL.

A number of the sporting fraternity went up to Nanaimo to-day to witness the wrestling match this evening between Johnson and McLeod. The tip was that the latter would win.

Tom Cleary, the pugilist, returned from Seattle last evening and is looking for scalps.

THE VANCOUVER TOURNAMENT.

The Victoria hose company will leave for Vancouver to-morrow morning. Last night the team turned out on Yates street and made good time in their test. The street was crowded with spectators and the team were applauded at the conclusion of the run. Foreman Conlin left for Vancouver this morning to enter the team in the contests. This afternoon he sent a telegram to the team in which he stated that the hosemen would be barred from taking part in the hook and ladder race. The new hose reel will be taken to Vancouver and the probabilities are that the Victoria team will win the majority of prizes.

ONE OF THEM.

TO THE EDITOR OF THE TIMES:

SIR,—I am sure the public have been very much edified by your graphic description of those scenes in court for which our province has long ago become famous. It is well that these matters should be as widely published as possible. The fact that the British Columbia public is too moping and too languid to uphold the honor and dignity of the institutions it has created, will surely tend to the greater glorification of this large and beautiful province. But do you know that I am told these verbal furies which are occasionally witnessed in open court are not a circumstance to the judicial slogging which is often witnessed privately and by a select audience in chambers. However, I will draw the veil here. As long as the learned and wigged disciples of Coke and Blackstone choose to rival each other as to who shall be the biggest toad in the puddle I will not interfere.

ONE OF THE "PUDDING HEADS."

JUDGE AND JURY.

TO THE EDITOR OF THE TIMES:

SIR,—Your editorial of Thursday's issue, entitled "Our Chief Justice and Our Juries," was well timed, courageous and creditable, though you may have laid, possibly, too strong a stress on the power of dismissal the people can exercise through their representatives. Judges can hardly be dismissed like policemen; they are not named during pleasure but during good behavior, and can be removed only by impeachment. At the same time, it is well to bear in mind, that the Hon. Mr. Justice Strong, one of the ablest jurists in the Supreme Court, did not hesitate to declare from the bench that Chief Justice Begbie's conduct in the Sproule case, such as set forth in Mr. Theo. Davie's affidavit, rendered him liable to impeachment, and if the charge was established, ought to entail his dismissal. I need not say that I am using milder language than his Honor thought the occasion called for.

The publication, in Friday morning's *Colonist*, of the Chief Justice's judgment in the case of Jones vs. the Guardian Insurance Co., in full, is all that is required to establish the position you have taken. If Sir Matthew Begbie had heard the remarks elicited from various members of the bar as to his judgment, and the lugging in by the ears of an American decision, which in truth does not apply, I rather think his vanity would have felt a little ruffled.

There can be no more serious evil to a community than the bringing into disrepute of its courts of justice, and our chief justice certainly seems to be doing all in his power to attain that very undesirable end. It is sincerely to be hoped that the Dominion authorities will open their eyes, without delay, to the danger we are running, and exercise their authority to abate an evil which is fast becoming intolerable. Yours truly,

LEX.

The Law Decides.

Justice Field, of the United States Supreme Court, San Francisco, has written a reply to an address of the workingmen's party of California, thanking him for his decision in the Chae Chang Ping case. Judge Field says while it is gratifying to know that any judicial decision is favorably received by the community, neither the court nor any judge is entitled to special thanks. He intimates that a public tender of thanks is in bad taste, for the law, and neither court nor judge, is responsible for the decisions.

Children Cry for Pitcher's Castoria.

GENERAL DISPATCHES.

The Sullivan-Kilrain Fight—Two Skeletons Found in Oregon.

Two Cases of Sporadic Cholera in New York—Trouble at Delagoa Bay.

By Postal Telegraph.]

New York, June 29—Nearly all the details of the Sullivan-Kilrain fight are arranged. Bud Renaud has been given the sole control of the financial management as far as Kilrain is concerned. As Renaud was acceptable to Frank Stevenson he will undoubtedly be agreed upon for manager of the fight; while local prejudice is largely in favor of Sullivan both men may feel sure of fair play. The Southern Athletic club, which has 1200 members, has declared itself as a body a supporter of Kilrain. On the other hand the Young Men's Gymnastic club, nearly as strong, is as staunch in support of the "Boston Boy." It is not the intention of Renaud and Stevenson to divulge the place of the mill.

TWO DEATHS.

New York, June 29—William Kealey, 16 years old, died at Belleville hospital from tetanus this morning. Michael Deemis, a waiter, died at Belleville hospital last night from what is believed by its symptoms to be sporadic cholera. An autopsy will be made this afternoon.

BODIES FOUND.

Ashland, Ogn., June 29—A report from Fort Klamath this morning says that the skeletons of two white men have been found on the shores of Diamond Lake, one that of an old man and the other a young man. With them were some remnants of clothing, a shot gun, rifle, packsaddle, fishing tackle, etc. On their persons were found a diary of travel bearing date of September, 1886, and a rubber stamp giving the name of Nathen Fubbard, Jacksonville, Ogn. A postal card, never posted, was addressed to Mrs. A. V. Burns, Santa Cruz, Cal.

DISMISSED IN CASE.

New York, June 28—The general term of the supreme court to-day handed down a decision in the suit of the Oregon Improvement Co'y, vs John Roach's executors' will. Roach built the steamer Rosa for the Oregon Railway and Navigation Co., the contract price being $465,000, which was accepted and transferred to the plaintiffs in the present action. The complaint was that the draught of the vessel was less than the contract called for. The suit was for $100,000 damages. The court dismissed the complaint.

THE OLD STORY.

London, June 28—Early this morning an actor named Feidmann arrived at Osterode in Hanover by the night express from Treves and drove direct from the station to the lodging house of a well-known tenor, Hans Gesner. He rushed up two flights of stairs, burst into the room where Gesner was still in a deep sleep and without a moment's warning shot him dead. He then blew out his own brains. The cause of the rash act was undoubtedly jealousy, as both men were in love with the same woman, an actress of some note, and the lady's partiality for the tenor drove Feidmann to desperation.

A CONVENIENT CHANGE.

Bremen, June 28—Hereafter the North German Lloyd steamers will proceed up the Southampton water to within a mile of the city of Southampton and send passengers ashore instead of anchoring in Cowes' roads as formerly reported.

TROUBLE AT DELAGOA BAY.

London, June 28.—It is understood that owing to complications caused at Delagoa Bay by the action of the Portuguese authorities the American government has been asked to send a man-of-war there, and that Blaine is about to comply with the request. The evening *Globe* says of the repeal of the railway concession that Portugal is guilty of an unwarrantable breach of faith and shameful dishonesty which disgraces its national name.

A British gun-boat asked for and is expected in a day or two. The Chamber of Commerce will request the Stock Exchange and Continental Bourses to cease quoting Portuguese securities until satisfaction is guaranteed that country.

STOCKHOLDERS WANT THEIR DUES.

London, June 28—The shareholders and directors of the Delagoa Bay Railway held a meeting to-day in this city. It was determined to resist the action of the Portuguese Government in cancelling the concession to build the road, which action, it was stated, would result in a grave crisis. The shareholders resolved that if Portugal persisted in the course it had undertaken to request the British Government to require Portugal to pay its debt to England, amounting to £3,000,000, which was incurred in 1814, and to apply this money to the purchase of the railway. It was also resolved to claim damages from Portugal and to request England to enforce its payment.

GAME ASK.

New York, June 28—Jack Ashton has issued a challenge to Peter Jackson, the colored champion, and deposited $500 with the *Illustrated News* as a forfeit for a match of $5,000. Ashton wants a fight with bare knuckles.

VANCOUVER NEWS.

The National Holiday—Building—Steamship Etc.

From our own Correspondent.]

A large black bear has been observed inspecting the East Park road of late. He seemed satisfied as he let the assistant engineer, Mr. E. Palmer, pass unharmed.

An art exhibition will be held in the Van Horne block, Granville street, beginning on Friday, July 5th, and continuing for one week. The exhibition is to consist of choice works of art, rare antiquities and wonderful curiosities from all parts of the globe. An entertainment will be given each evening under the auspices of the association. Much praise is due to the promoters of so worthy an object as the cultivation of a taste for fine art.

The various religious denominations of this city appear to be vying with each other as to which shall have the finest church, and truly all are building very creditable structures and all to, if not beyond, their financial strength and quite in keeping with the fast growth of the times.

A third Presbyterian congregation has been organized here with the Rev. J. M. McLeod, late of Charlottetown, P. E. I., as pastor. A strong opposition to this procedure is offered by others chiefly on the ground that it has been established under the auspices of United States Assembly on the Southern side it might have been deferred until such time as the Canadian Assembly fit to appoint a third congregation.

Now that Vancouver succeeded in mustering her necessary number of pupils of a certain standard to enable her to claim a high school, it is expected that the government will ply favor us with that coveted institution, so that we shall in a degree enjoy some of those educational advantages which are possessed by towns of less importance in the province.

Children Cry for Pitcher's Castoria.

CANADA'S EX-PREMIER.

A Beautiful Pen Picture of the Hon. Alex. Mackenzie and his Life.

The following appeared in the Toronto *World* of the 18th inst., and is well worth reproduction in every newspaper in Canada. The article was written by a correspondent, and requires no comment at the hands of any one. Says the writer: "While passing along St. Alban's street last Friday evening toward the Queen's Park, I chanced to glance to the right, where, at some little distance from the street, and in the shade of a verandah, sat an old man, long familiar by face and figure and voice and name to the people of Ontario. His features I saw in profile; his head, with its white and venerable locks, was bare and bowed; he stooped a little forward as he sat there alone, gazing as in profound meditation upon the long shadows and the descending sun. A perfect stillness ruled there, save that I could hear from the Park indistinct echoes of some loud and angry voice. A few steps—slow steps, because my pace had slackened with sudden reverence as my eyes rested on that venerable and august figure—took me beyond sight of the Honorable Alexander Mackenzie. But I went on in a reverie upon his life—how faithful, how brave, how upright, how true to his country, how reverent of God. What vast experience of men and affairs, what knowledge of the elements of the country, what immense acquaintance with the principles upon which statesmen must proceed lest they bring the heavy multitude to disaster, what devotion to Canada and the Constitution and the principles of true English Liberalism were embodied in the old statesman I had seen! When had he flinched in the perilous place? When had he deserted his conceptions of right for any temptation? When had he been untrue to himself or any man? Of all men, could any look back, as the long shadows lengthened and the night drew near, upon morning and prime and afternoon spent more arduously and faithfully as in the great taskmaster's eye. With such meditations I had entered the park scarcely conscious of the increasing loudness of the voice I had heard on the street. Suddenly I heard the words, 'Yes, and that old man, crazy with party spirit, and lost to all sense of right or wrong, got up out of his bed at 2 o'clock in the morning to vote for the Pope and the Jesuits—that old man, Alexander Mackenzie.' I looked up. Behold, the speaker was a pimply faced youth of some twenty summers, with the nose of a hen-hawk and the eye of a boiled fish. In the midst of an admiring group he stood and wildly waved a copy of Mr. Christopher Bunting's newspaper (the Toronto *Mail*). Then I turned away, reflecting on the inscrutable nature of Providence, who has mysteriously furnished forth to the world wise men to be vilified by knaves, and fools to be gulled by the latter.

ECHOES FROM ALBERNI.

A School Election and Visit from the Squadron Cause Excitement.

The past week has been one of unusual excitement and activity, the elections and the appearance of the North Pacific squadron giving plenty of food for talk. The election of a school trustee in the place of Mr. J. C. Mollet, whose time had expired, caused a good deal of expectation as to who would be elected in his place. Two candidates were in the field, Mr. G. A. Smith, nominated by F. McQuillon, seconded by M. Sareault, and Mr. G. A. Huff, J. P., nominated by J. Mollet, Sen., and seconded by Thomas Patterson. The election was a hotly contested one, but Mr. Huff, being the ladies' candidate, was pretty well sure of being elected, for whenever the ladies (bless their hearts) take anything in hand they are sure to put it through. A good deal of amusement was caused by the way the fair sex cajoled the "horrid men" into voting for their candidate. At the close of the poll Mr. Huff was declared elected.

The arrival of the North Pacific Squadron, consisting of H. M. S. Swiftsure, Amphion, Champion and Icarus, in the beautiful harbor of Alberni, was another source of making things lively. This is the first time that Alberni has received the honor of being visited by so many war ships at one time. The officers and men seemed to be struck with our beautiful and grand scenery. A number of the settlers availed themselves of the opportunity of visiting the ships and spent a very enjoyable time. The object of the fleet in visiting Alberni was for practice and manœuvring with the torpedoes, during which one of them was lost by H. M. S. Champion. A reward of £5 is offered for its recovery. The squadron left on Wednesday, having made a stay of a week, and proceed to Vancouver and thence north.

I. C. U.

ANNUAL SCHOOL RETURNS.

TO THE EDITOR OF THE TIMES:

SIR,—I see an item in your paper tonight concerning a paper to be signed by teachers to contradict what I stated about the annual returns. In the first place I made the statement on the authority of Mr. Pope himself, when he stated that fact as an inducement to get me to make out a false return for the junior division of the High School, and I did so. I also wrote on the return that it was not the correct one, but was so prepared under Mr Pope's instructions. That return should be in the education office now. I prepared it in the educational office. In the second place I never doubted Mr. Pope's word as I knew the returns were false, and it was his duty to instruct the teachers. If Mr. Pope did not instruct the teachers to make them up falsely, who did? Mr. Pope knows they are false. If he does not, what does he get $175 a month for? As they *are false*, why does not Mr. Pope instruct the teachers to make them out correctly? Surely the principal of the Victoria boys' school would not try to get teachers to sign a paper which will make the condemnation of Mr. Pope all the greater if that were possible.

Proof that the returns are false. In last school's report it is stated on page 5 that in the first division of the Victoria boys' school, 74 pupils attended during the year; in second, 62; in 3rd, 106; in 4th, 97; in 5th, 107; in 6th, 97; in 7th, 91; in 8th, 120. These added together make up a total of 754. As promotions were made at Christmas the actual number of pupils in attendance in the boys' school taken as a whole must be less than 754 by one-fourth at least; yet on page 7 the number for the whole school is stated to have been 754. Therefore either the return for the whole school is false or the return for the divisions (except the first) is false. Possibly the high school return will make it clearer. On pages 5 and 7 it is stated that 120 attended. Then on pages 11 and 13 it appears that only 112 were taught. On page 5 there is a true statement that 44 attended in the senior and 76 in the junior. Then on page 7 the number 120 for the whole school is false. On page 11 the number 68 for junior is false; but on page 13 the number 112 for the school as a whole is true, 8 who were promoted appearing in both senior and junior divisions. Yours truly,

J. N. MUIR.

Victoria, June 27th 1889.

Cutlery.

M. & H. A. Fox have just received direct from Sheffield a large stock of table and pocket cutlery, scissors, etc. Shaving outfits a specialty. Call and examine at 78 Government street.

TO THE TIMES ONLY.

Director Skinner's Opinion of the Thompson River Section C. P. R.

The Government Must Have Been Plundered—Teacher's Excursion.

Special to THE TIMES.]

Montreal, June 29—Thos. Skinner, of London, one of the directors of the C. P. R., passed through the city to-day on his way to England. He is highly pleased with the prospects of the Northwest. The work on the Thompson river section of the C. P. R. was severely criticised by him. He considers it a disgrace. Rock excavations are carelessly done. Large boulders and edges of rocks are allowed to remain overhanging the track and there is a possibility of a catastrophe unless remedied. It is his opinion that there must have been much plunder made out of this section and says the government should put it in a proper order.

EXCURSION.

Winnipeg, June 29—A teachers' excursion from Manitoba, leaves for the Pacific coast on July 3rd.

BASEBALL.

Catcher Watson, of Minneapolis, and four others base ballers, arrived in the city yesterday en route to Kamloops.

TWO FOOLISH BOYS

Experiment With Steam and Are Blown up and Killed.

Philadelphia, June 24.—A foolhardy experiment of two lads of a mechanical turn of mind resulted in both boys being killed on Saturday and two other persons injured. The dead lads were Harry and William Jesser, aged 15 and 17 years respectively. They were apt scholars in a mechanical way and were constantly employing their spare time running a small engine. For a few days past they had been generating steam in an old range boiler, which they had set up in the corner of the yard under a shed. Steam was conveyed from the boiler by pieces of gas pipe, while a small brick furnace was arranged under the boiler where the boys had kindled a hot fire. Henry, who owned the engine, which was about eighteen inches long, had stated that it was his intention to attach the engine to the family ice cream freezer and do away with hand turning. With that in mind the lads conducted their experiments. While Henry was oiling the engine and William was tinkering up the fire with bricks there was a terrific explosion, which was heard for squares around. Harry was thrown with great force against a fence and instantly killed. His legs and arms were broken and one side of his head was horribly crushed. William was thrown further under the shed and a flying brick evidently struck him on the head, fracturing the skull. Both his legs were frightfully crushed. He was taken to the Pennsylvania hospital where he died in about an hour. Little Henry Kneese, who was watching the experiment from a shed, was cut under the eye, and Mrs. Flora Kneese was severely scalded about the back.

RIGHTS OF WITNESSES.

Shameful Bulldozing Attempted by Parnell's Enemies.

London, June 27.—Sexton, member of parliament and lord mayor of Dublin, appeared before the Parnell commission to-day. Sexton would not say he opposed the principles of the Fenians. He claimed boycotting was necessary.

Sexton admitted that he had been asked to join the Fenian society, but positively refused to divulge the name of the person who asked him.

Attorney General Webster, counsel for the *Times*, pressed him hard and persistently to give the name, and became very angry when he found he could not move witness. After a passionate scene between counsel and witness, the former finally abandoned the attempt to compel Sexton to reply, and began to question him in regard to Alexander Sullivan.

Sexton said he regarded Sullivan in the same favorable light as when he eulogized him in a speech at a land league meeting in Boston in 1884. He declared he held Sullivan in high estimation on account of the unselfish public services he rendered.

Attorney General Webster is credited with the intention to claim before the commission the right to extort from Parnellite witnesses any information not obtainable by the usual methods. The Parnellites are determined to resist any such effort, and if the attorney general persists they will probably leave court with their counsel.

A GALA DAY.

St. Jean Baptiste Festivities in Quebec—Monument Unveiled.

Quebec, June 24.—A monster celebration of St. Jean Baptiste took place here to-day, St. Jean Baptiste Societies or representatives being present from all parts of the United States and Canada. The main feature of the demonstration was the unveiling of the monument of Jaques Cartier, the heroic French explorer, who over three centuries ago landed on the spot where the monument stands and planted there the cross and fleur-de-lis of his country. The inspiring ceremonies in connection with the unveiling of the monument aroused all the patriotic emotions of the sons of France and their enthusiasm was unbounded. Subsequently the societies attended the church and listened to an eloquent sermon. The rest of the day was spent in amusements. The city is gaily decorated and to-night is beautifully illuminated.

DAY OF IMPROVEMENT.

A New Brick to be Erected by Mr. A. J. Langley on Yates Street.

This is the day of improvement. Our enterprising citizen, Mr. A. J. Langley, has decided to pull down the two old wooden pioneers on Yates street, next to the Bank Exchange and to erect a substantial brick structure in their places. The new building will be two storeys in height, the second story to be carried over to the present one story building, occupied by the store of Langley & Co., the whole being made into one fine block, having a frontage of 88 feet on Yates street. The extension will be a considerable one costing about $8,000, and made necessary by the large and growing business of Langley & Co. Mr. Geo. C. Mesher, the enterprising builder, has the contract for the work.

Probably Lost.

On February 9 last the schooner Annie, Captain John Jacobson, with a crew of eleven men, left San Francisco for Behring Sea on a hunting and fishing voyage, and has not since been heard of. The Annie is a vessel of forty-two tons gross register. It is now generally believed here that she has been lost in one of the heavy gales that rose soon after she left port. There were no Victorians among the crew, but one seal hunter had served two years in a Victoria sealing schooner before joining the Annie. His name was Joe Dupont.

Children Cry for Pitcher's Castoria.

PERSONAL.

Items Telling of Movements of Well Known Persons.

A. Harris, representing J. M. Fortier, of Montreal, left for the east this morning.

Mayor Grant will visit Vancouver on Dominion Day.

J. A. Folger, the prominent spice merchant of San Francisco, and whose name is a household word to every grocery firm in this city, died in San Francisco last Wednesday.

Noel H. Jacks, state secretary of the Y. M. C. A. of the Pacific Northwest, is at present holding meetings in Port Townsend.

Mrs. Schwenger of this city will take part in the concert at Vancouver this evening under the auspices of the art association.

Jas. Calderwood, formerly commercial traveller in this city, arrived down from Vancouver last evening. Since becoming a resident of the terminal city Mr. Calderwood has gone over to the majority. That is to say, he has become a real estate agent.

W. B. Young, manager of the C. P. R. telegraph office in Vancouver, came down yesterday to get the salt sea air and to see that things in Victoria were as they should be.

Rev. P. McF. McLeod arrived from Toronto last night, where he has been attending a meeting of the Presbyterian general assembly. Speaking of the anti-Jesuit convention, Mr. McLeod says he will take an early opportunity of referring to it in public and will make it understood that there was no desire on the part of the members of the convention to stir up sectarian strife or to stand in opposition to their Roman Catholic fellow citizens. The report of the general assembly showed marked progress in the affairs of the church. The question that excited the most public interest was a so called heresy case. Several members of Knox Church, Galt, Ontario, professed and taught the doctrine of Simmer's perfection. They had been dealt with by the subordinate courts of the church from whose decision they appealed to the general assembly. The assembly sustained the lower courts and suspended the appellants from membership till they should give some satisfactory promise to the session "not to follow divisional courses by teaching doctrines contrary to the standards of the church." Mr. McLeod found great ignorance in the east respecting Victoria and the province in general, respecting both of which he endeavored to enlighten our benighted brethren.

Mr. R. E. Knowles returned from a few days visit to Tacoma last evening.

W. H. Ellis, of the *Colonist* returned from the Union mines, Comox, by to-day's train.

Miss Julia Bradley, of the Vancouver public schools, arrived down last evening to spend her vacation in the city.

Miss Sylvester and Miss Johnson arrived on this afternoon's train to spend their well-earned holidays with their parents.

Sam Crease of Comox, is in the city. He says everything is in a thriving condition in that flourishing settlement.

W. H. Ellis returned from Comox today. He visited the Union Mines in company with the superintendent and carefully inspected the condition of the slope, etc., especially in regard to the facilities presented for the miners to take out coal, etc. We journalists may not know much about the libel law or coal mining, but that does not deter us from tackling either subject.

Mr. James Hartney, who will be remembered was a few years ago a party in an extensive insurance suit arising out of a fire in Arnprior, Ont., died in Toronto on Thursday last at the age of 68 years. He was well known to all eastern Ontarions.

Dr. W. W. Walkem, of Nanaimo, came down to-day and returned this afternoon.

Mr. James Haslam has been elected school trustee for South Cedar school district.

L. Lequime, Okanagan Mission, is in the city.

R. P. Rithet returned from the mainland last night.

Geo. Carter, secretary of the Y. M. C. A. in Seattle, and Mrs. Carter, are visiting friends in the city.

Domitian Gallant, of Prince Edward Island, will arrive next month to take the position of teacher in the St. Louis' College vice Mr. Alex. McDonald, resigned. Mr. Gallant is a good classical scholar and a musician of very considerable merit.

SPEEDY TRIALS.

[Before His Lordship Justice Crease.]

In the case of William Henry Vernon, charged with stabbing Samuel Wilson, His Lordship sentenced the prisoner to six months' imprisonment with hard labor.

Thos Grady, charged with stabbing Walter Turnbull, was sentenced to four months' imprisonment with hard labor. His Lordship remarked before passing sentence that he was much opposed to stabbing.

POLICE COURT.

[Before Hon. A. N. Richards, C. C.]

Thos. Robinson, charged with being found drunk, fined $5. His Honor asked the prisoner whether he had any property out of which the penalty and costs could be levied on, and was answered, "It is not for me to say." Upon asking him again he refused to answer. The prisoner, on a charge of loitering on the streets and obstructing passengers by using insulting language, was remanded till Tuesday.

QUEEN VICTORIA'S RULING.

She Reads All the Proceedings in Divorce Courts Nowadays.

London, June 28—The Queen has so far relaxed her stringent rule against permitting divorced women to enter her presence that such as are themselves blameless, who have obtained divorces from their husbands, are no longer to be excluded from her court. This indulgence caused such a rush of ladies in this position at the last drawing-room that quite a number to whom this order gave entree could not get the necessary permit, as the Queen insists upon personally investigating each case and reading the testimony in the divorce court to make certain that no improper person secures access to her presence.

Fish Story.

Speaking of fish stories reminds one of the doings of a certain practical joker and the game he once worked on his good Fort street landlady. After taking some eight or ten very fine trout from Shawnigan Lake he placed a ten inch layer of ferns and stones in his basket and then put the fish on top of it. This hypocritical package he presented to his landlady as a basket of number one trout, and the word went round that there would be trout for breakfast, "but that breakfast never came."

Dr. Childs Pile Ointment.

Instantly relieves and permanently cures piles, pruritus and all hot and itching sores and eruptions. Price, $1, of druggists.

For the Warm Weather.

A number of family, hotel, and counter Refrigerators just received at McLennan & McFeely's, 10 Yates street.

Children Cry for Pitcher's Castoria.

REFLEX OPINION.

The ingenuity which the Colonist displays in perverting our meaning in relation to government policies *versus* public opinion, suggests one of two things, either that the government is as culpable as we have represented it to be, or else that our contemporary is a chronic casuist. We should not be far from wrong to say that both these are operating to keep the Colonist active; the government must be vindicated at all hazards, and the Colonist cannot forbear indulging its casuistic tendencies. A congenial job this, and one which affords our contemporary a perennial fund for editorial matter. But, to speak of our side of the case, for the Colonist dodges the true issue by resorting to abstractions, we have never held that a government should oppose public opinion, because we know that public opinion is irresistable; but we do hold that a government should have the moral courage, if it has a policy, to acknowledge the paternity of the thing. Further, we have held that antecedent to the promulgation of the policy, it is tricky in a government to foment newspaper controversy, (sitting back as a dispassionate spectator,) so that public opinion may be gauged, and the policy adopted or rejected, as may seem expedient for the retention of power. Besides, we have pointed out that the land exchange controversy must primarily have been inspired by the government, and for the reason that nobody but the government were concerned in knowing the temper of the public at this early date. Mr. Higgins certainly was not, and there are the best of reasons for thinking that the Colonist was not, besides, what object had the latter in opposing Mr. Higgins, unless it had been given its cue from the "veiled prophet?" Why should the Colonist advocate the exchange with a pertinacity equalled only by its verbosity, unless it was grinding an axe for the government. Newspapers are not in the habit of harping on subjects of this character except there is a "nigger in the fence." The circumstantial proof of the government being at the bottom of this controversy would be accepted by any court, and the government stands convicted of advocating a measure which it dare not openly acknowledge. And why is the government so cowardly as this? The reason is simple. The government knows that it has lost in a measure the confidence of the people, and that under such circumstances to place itself in opposition to them on a specific matter, is to sign its political death warrant. But the Colonist evades these features of our contention, and endeavours to direct attention from the true issue by the use of glittering generalities calculated to condone, if not justify, the *sub rosa* transactions of the government. We quote: "The policy of an administration charged with the government of the British Empire must indeed of necessity be the reflex of the best informed opinion of the nation." The reflex of opinion! If this means that the policy of a government must be the evolution of some antecedent and generally accepted idea, we are able to catch on. Thus the government of the United States exemplifies a policy based on the reflex of parliamentary government in England. This axiom, however, does not disturb our position in the least, for admitting that a policy must be related to an idea which has gone before, it is none the less a departure from established custom, and of necessity is the cause of public opinion, and not the effect of it, as the Colonist is industriously trying to prove. Nothing is clearer than this, and it follows that the makers of policies who would have them endorsed must educate the people, or in other words manufacture opinion to meet their requirements. The policy maker who poses as a dispassionate spectator consequently will never succeed in having his policy adopted.

But to descend from the empyrean of refined argument to the lower levels of Robsonianism, a feature we are not to be diverted from in this discussion, the "reflex of the best informed opinion" in this province in the land exchange matter is so slight as not to afford sufficient basis for a policy. It is possible that it was on this account that the government has discretely remained in the back ground. If this is the case, not alone the modesty but the conservatism of the government are alike remarkable. Rather than introduce a policy which had no basis on reflex opinion, and which would have induced the people to believe that the government was capable of something original, it, the government, modestly left the job to the newspapers and Mr. Higgins. It is not every government which would permit a mere newspaper to carry off all the honors appertaining to a transaction so advantageous to this province as the Peace river land exchange is alleged to be. Why did the government forego this grand opportunity to exalt itself in the estimation of the people? What strange spell has come over it, that it should undertake the role of a dispassionate spectator in a matter of such profound importance to the commonwealth. Not a word, not a blink from the government as to the merits of the exchange, according to our veracious contemporary. What shall we think of a government which has nothing to say which will not lend the weight of its judgment to enable the public to form an intelligent opinion of a question said to be of vital importance.

A GREAT DISCOVERY.

The new process of producing white lead known as the Hannay process has been patented in Great Britain, and taking into consideration that it not only cheapens the article, but entirely does away with the unhealthful consequences to workmen, it may be regarded as one of the great discoveries of the age. By the Hannay process white lead is made directly from the ore. By the ordinary method of manufacture it is necessary to convert the ore into pig lead of superior quality, which is afterwards made into thin sheets of lead, and then placed in stacks, and submitted to the action of acetic acid, carbonic acid and air. After about three months' action the lead is to a large extent converted by the fumes of the acid into crusts of white lead, which, after being ground to powder, lixivated and dried, form the white lead of commerce, the entire process occupying about four months. The process is extremely hurtful to workmen, since they cannot avoid inhalation of poisonous gases, and few can survive in the occupation for any considerable length of time.

Under the new process, lead ore direct from the mine is placed in the furnace with live coke, and by the action of a blast of air, is driven into vapor and oxidized to sulphate of lead, which is collected by a special condenser, washed with diluteacid and dried. Having been condensed from vapor, the white lead is obtained in a state of fineness exceeding that obtainable by the ordinary method of white lead grinding. The process of conversion is instantaneous and continuous; as the men are shooting the lead ore into the furnace at one end and pumps are drawing off the wet white lead at the other. Then it is simply washed and dried, and can be sent into the market within forty-eight hours. It will thus be seen that instead of a period of three or four months, and the employment of expensive chemicals and labor as required by the old process, the ore is converted by the new process into white lead at once, and the materials employed are coke as a fuel, and air as an oxidizer. No skilled labor is required; the poisonous fumes are all discharged high into the air, and the process is entirely innocuous to the workmen.

The success of the process has been fully demonstrated, and the extensive works now in operation in Glasgow will be at once largely increased. Lead which now is selling at £18 to £19 per ton made by the new process can be sold at a profit for £10 to £12. The discovery is regarded almost as important as that which gave Bessemer steel to the world.

EDITORIAL NOTE.

They have at least one well established journal in China. This is the Pekin Gazette, which is about to enter upon its 1000th volume. It will observe the anniversary occasion by giving a necessarily condensed history of the past ten centuries.

CITY AND PROVINCE.

—You should forgive many things in others but nothing in yourself.

—Mother Graves' Worm Exterminator is pleasant to take; sure and effectual in destroying worms. Many have tried it with best results. *

Sibyl (mourning the demise of a favorite poodle)—I shall marry!

—Why go limping and whining about your corns, when a 25 cent bottle of Holloway's Corn Cure will remove them? Give it a trial, and you will not regret it. †

—When flatterers meet, the devil goes to dinner.

—Joseph Rusan, Percy, writes:—I was induced to try *Dr. Thomas' Eclectric Oil* for a lameness which troubled me for three or four years, and I found it the best article I ever tried. It has been a great blessing to me. *

—Fire that's closest kept burns most of all.

—Ease by day and repose by night are enjoyed by those who are wise enough to apply *Dr. Thomas' Eclectric Oil* to their aching muscles and joints. A quantity easily held in the palm of the hand is often enough to relieve the most exquisite pain. *

—Maud—And what will you do, now that poor Flossie is gone?

—Mrs. M. Stephens, of Albany, N. Y., writes us as follows: "My strength was so weak that I could not eat anything sour or very sweet, even fruit at tea-time would cause Heartburn, fulness or oppression of the chest, short breath, restlessness during sleep, and frightful dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of Northrop & Lyman's Vegetable Discovery this unpleasantness has all been removed, and I now eat what suits my taste or fancy." *

—Fortune brings in some boats that are not steered.

—The Thin Cannot Gain in Weight if they are troubled with dyspepsia, because they do not assimilate the due proportion of nourishing blood which alone can furnish the elements of flesh. But there is no reason, when this wearing, attenuating disease is conquered by Northrop & Lyman's Vegetable Discovery, why there should not be an appreciable gain in weight, which indeed is usually the case. It is a peerless remedy also for Constipation, Liver Complaint, Kidney troubles, and roots out all impurities from the blood. *

—A broken fortune is like a fallen column; the lower it sinks the greater weight it has to sustain.

"His pills as thick as hand-grenades flew,
And where they fell as certainly they slew,"

was said of one of those ignorant doctors in the early times, who might well have been called the aide-de-camp of death. The sufferer from scrofula, with sores as bad as Job's, need not now curse the day he was born, for Dr. Pierce's Golden Medical Discovery will restore health and beauty, appetite and strength. Especially has it manifested its potency in curing salt-rheum, tetter, boils, carbuncles, sore eyes, scrofulous sores and swellings, hip joint disease, white swellings, goitre, or thick neck, and enlarged glands.

—What this country needs is a prohibition pure that couldn't be used for an arc lamp.

—Feeling in the young precedes philosophy, and often acts with a more certain aim.

CHILCOTIN.

FINE RANCH

FOR SALE

AT A BARGAIN.

PROVIS ESTATE.

We are instructed by the Administrator of the above estate to offer for private sale

THE FINE RANCH

Consisting of 320 acres of

MEADOW LAND,

Situated about five miles above Drummond & Beaumont's ranch, on Riskey Creek, on the wagon road from Soda Creek.

There are 30 head of cattle, one fine span of horses, new wagon, sleigh, plough, carpenter's tools and necessary farming implements.

A good never-failing stream of water is running in front of dwelling house. There is a water privilege, also to one-third of Riskey Creek for irrigation purposes, also the right of purchase of 160 acres of meadow land about 10 miles from said ranch, and the right to cut hay on a meadow about a mile distant.

The cattle range is one of the best in Chilcotin, and there is a large stack of hay and one of straw of last year's crop.

For terms and further particulars apply to

H. F. HEISTERMAN & CO.,

Land Agents,

8 Bastion Square.

A MIGHTY WEAPON.

BROOKLYN'S EMINENT DIVINE DELIVERS A POWERFUL SERMON.

"The Mightiest Weapon Is the Gospel"—His Subject, and His Text the Words: "There Is None Like That; Give It Me."

David fled from his pursuers. The world runs very fast when it is chasing a good man. The country is trying to catch David, and slay him. David goes into the house of a priest, and asks him for a sword or spear with which to defend himself. The priest, not being accustomed to use deadly weapons, tells David that he cannot supply him; but suddenly the priest thinks of an old sword that had been carefully wrapped up and laid away—the very sword that Goliath formerly used—and he takes down that sword, and while he is unwrapping the sharp, glittering, memorable blade, it flashes upon David's mind that this is the very sword that was used against himself when he was in the fight with Goliath, and David can hardly keep his hand off of it until the priest has unwound it. David stretches out his hand toward that old sword, and says: "There is none like that; give it me." In other words, "I want in my own hand the sword which has been used against me, and against the cause of God." So it was given him. Well, my friends, that is not the first or the last sword once used by giant and Philistine iniquity which is come into the possession of Jesus Christ and of his glorious church. I want, as well as God may help me, to show you that many a weapon which has been used against the armies of God is yet to be captured and used on our side; and I only imitate David when I stretch out my hand toward that blade of the Philistine and cry: "There is none like that; give it me!"

SCIENCE IS SOMETIMES FALSELY USED.

I remark, first, that this is true in regard to all scientific exploration. You know that the first discoveries in astronomy and geology and chronology were used to battle Christianity. Worldly philosophy came out of its laboratory and out of its observatory, and said: "Now, we will prove, by the very structure of the earth, and by the movement of the heavenly bodies, that the Bible is a lie and that Christianity, as we have it among men, is a positive imposition." Good men trembled. The telescope, the Leyden jars, the electric batteries, all in the hands of the Philistines. But one day, Christianity, looking about for some weapon with which to defend itself, happened to see the very old sword that these atheistic Philistines had been using against the truth and cried out: "There is none like that; give it me." And Copernicus, and Galileo, and Kepler, and Isaac Newton came forth and told the world that, in their ransacking of the earth and heaven, they had found overwhelming presence of the God whom we worship; and this old Bible began to shake itself from the Koran, and Shaster, and Zendavesta, with which it had been covered up, and lay on the desk of the scholar, and in the laboratory of the chemist, and in the lap of the Christian, unharmed and unanswered, while the tower of the midnight heavens struck a silvery chime in its praise.

THE WORDS OF WORLDLY PHILOSOPHY.

Worldly philosophy said: "Matter is eternal. The world always was. God did not make it." Christian philosophy plunges its crowbar into rocks, and finds that the world was gradually made, and, if gradually made, there must have been some point at which the process started; then, who started it? And so that objection was overcome, and in the first three words of the Bible we find that Moses stated a magnificent truth when he said: "In the beginning."

Worldly philosophy said: "Your Bible is a most inaccurate book; all that story in the Old Testament, again and again told, about the army of the locusts—it is preposterous. There is nothing in the coming of the locusts like an army. An army walks, locusts fly. An army goes in order and procession, locusts without order." "Wait," said Christian philosophy; and in 1868, in the southwestern part of this country, Christian men went out to examine the march of the locust. There are men right before me who must have noticed in that very part of the country the coming up of the locust like an army; and it was found that all the newspapers unwittingly spoke of them as an army. Why? They seem to have a commander. They march like a host. They halt like a host. No arrow ever went with straighter flight than the locusts come—not even turning aside for the wind. If the wind rises the locusts drop, and then rise again after it has gone down, taking the same line of march, not varying a foot. The old Bible right every time when it speaks of locusts coming like an army; worldly philosophy wrong.

Worldly philosophy said: "All that story about the light 'turned as clay to the seal' is simply an absurdity." Old time worldly philosophy said: "The light comes straight." Christian philosophy said: "Wait a little while," and it goes on and makes discoveries and finds that the atmosphere curves and bends the rays of light around the earth, literally "as the clay to the seal." The Bible right again; worldly philosophy wrong again. "Ah," says worldly philosophy, "all that illusion in Job about the foundations of the earth is simply an absurdity. 'Where wast thou,' says God, 'when I set the foundations of the earth?' The earth has no foundation." Christian philosophy comes and finds that the word as translated "foundation" may be better translated "sockets." So now see how it will read if it is translated right: "Where wast thou when I set the sockets of the earth?" Where is the socket? It is the hollow of God's hand—a socket large enough for any world to turn in.

GOD IS ALWAYS RIGHT.

Worldly philosophy said: "What an absurd story about Joshua making the sun and moon stand still. If the world had stopped an instant, the whole universe would have been out of gear." "Stop," said Christian philosophy, "not quite so quick." The world has two motions—one on its own axis, and the other around the sun. It was not necessary in making them stand still that both motions should be stopped—only the one turning the world on its own axis. There was no reason why the halting of the earth should have jarred and disarranged the whole universe. Joshua right and God right; infidelity wrong every time. I knew it would be wrong. I thank God that the time has come when Christians need not be scared at any scientific exploration. The fact is that religion and science have struck hand in eternal friendship, and the deeper down geology can dig and the higher up astronomy can soar all the better for us. The armies of the Lord Jesus Christ have stormed the observatories of the world's science, and from the highest towers have flung out the banner of the cross, and Christianity to-night from the observatories of Albany and Washington stretches out its hand toward the opposing scientific weapon, crying, "There is none like that; give it me." I was reading this afternoon of Herschel, who was looking at a meteor through a telescope and when it came over the face of the telescope it was so powerful he had to avert his eyes. And it has been just so that many an astronomer has gone into an observatory and looked up into the midnight heavens, and the Lord God has, through some swinging world, flamed upon his vision, and the learned man cried out, "Who am I? Undone! unclean! have mercy, Lord God!"

A WORLD OF TRAVELERS.

Again, I remark, that the traveling disposition of the world, which was averse to morals and religion, is to be brought on our side. The man that went down to Jericho and fell amidst thieves was a type of a great many travelers. There is many a man who is very honest at home who, when he is abroad, has his honor filched and his good habits stolen. There are but very few men who can stand the stress of an expedition. Six weeks at a watering place has damned many a man. In the olden times God forbade the traveling of men for the purposes of trade, because of the corrupting influences attending it. A good many men now cannot stand the transition from one place to another. Some men who seem to be very consistent at home, in the way of keeping the Sabbath, when they get into Spain, on the Lord's day always go out to see the bull fights. Plato said that no city ought to be built nearer to the sea than ten miles, lest it be tempted to commerce. But this traveling disposition of the world which was adverse to that which is good, is to be brought on our side. These rail trains, why, they are to take our Bibles; these steamships, they are to transport our missionaries; these sailors, rushing from city to city all around the world, are to be converted into Christian heralds and go out and preach Christ among heathen nations. The Gospels are infinitely multiplied in beauty and power since Robinson, and Thompson, and Burckhardt have come back and talked to us about Siloam, and Capernaum, and Jerusalem, pointing out to us the lilies about which Jesus preached, the beach upon which Paul was shipwrecked, the fords at which Jordan was passed, the Red sea bank on which were tossed the carcasses of the drowned Egyptians. A man said: "I went to the Holy Land an infidel; I came back a Christian. I could not help it."

I am not shocked at the idea of building a railroad to the Holy Land. I wish that all the world might go and see Golgotha and Bethlehem. If we cannot afford to pay for muleteers now, perhaps when the rail train goes we can afford to buy a ticket from Constantinople to Joppa, and so we will get to see the Holy Land. Then let Christians travel! God speed the rail trains and guide the steamships this night panting across the deep in the phosphorescent wake of the shining feet of Him who from wave cliff to wave cliff trod the stormed Tiberias. The Japanese come across the water and see our civilization, and examine our Christianity and go back and tell the story, and keep that empire rocking until Jesus shall reign.

Where'er the sun
Does his successive journeys run.

And the firearms, with which the infidel traveler brought down the Arab horseman and the jackals of the desert, have been surrendered to the church, and we reach forth our hands, crying: "There is none like that; give it me!"

RELIGION GOOD FOR EVERY ONE.

So it has also been with the learning and the eloquence of the world. People say: "Religion is very good women, it is very good for children, but not for men." But we have in the roll of Christ's host Mozart and Handel in music; Canova and Angelo in sculpture; Raphael and Reynolds in painting; Harvey and Boerhaave in medicine; Cowper and Scott in poetry; Grotius and Burke in statesmanship; Boyle and Liebnitz in philosophy; Thomas Chalmers and John Mason in theology. The most brilliant writings of a worldly nature are all aglow with scriptural allusions. Through senatorial speech and through essayist's discourse Sinai thunders and Calvary pleads and Siloam sparkles.

Samuel L. Southard was mighty in the court room and in the senate chamber; but he reserved his strongest eloquence for that day when he stood before the literary societies at Princeton commencement and pleaded for the grandeur of our Bible. Daniel Webster won not his chief garlands while he was consuming Hayne, nor when he opened the batteries of his eloquence on Bunker Hill, that rocking Sinai of the American revolution; but on that day when, in the famous Girard will case, he showed his affection for the Christian religion, and eulogized the Bible. The eloquence and the learning that have been on the other side came over to our side. Where is Gibbon's historical pen? Where is Robespierre's sword? Captured for God. "There is none like that; give it me!"

So, also, has it been with the picture making of the world. We are very anxious on this day to have the printing press and the platform on the side of Christianity, but we overlook the engraver's knife and the painter's pencil. The antiquarian goes and looks at pictured ruins, or examines the chiseled pillars of Thebes, and Nineveh, and Pompeii, and then comes back to tell us of the beautifulness of ancient art; and it is a fact now that many of the finest specimens—merely artistically considered—of sculpture and painting that are to be found amidst those ruins are not fit to be looked at, and they are locked up. How Paul must have felt when, standing amidst those impurities that stared on him from the walls and the pavements and the bazaars of Corinth, he preached of the pure and holy Jesus. The art of the world on the side of obscenity and crime and death.

In later days the palaces of kings were adorned with pictures. But what to unclean Henry VIII was a beautiful picture of the Madonna? What to Lord Jeffries, the unjust judge, the picture of the "Last Judgment?" What to Nero, the unwashed, a picture of the baptism in the Jordan? The art of the world still on the side of superstition and death. But that is being changed now. The Christian artist goes across the water, looks at the pictures, and brings back to his American studio much of the power of those old masters. The Christian minister goes over to Venice, looks at the "Crucifixion of Christ," and comes back to his American pulpit to talk as never before of the sufferings of the Saviour. The private tourist goes to Rome and looks at Raphael's picture of the "Last Judgment." The tears start, and he goes back to his room in the hotel and prays God for preparation for that day when,

Shriveling like a parched scroll,
The flaming heavens together roll.

THE POWER OF CHRISTIAN PICTURES.

Our Sunday school newspapers and walls are adorned with pictures of Joseph in the court, Daniel in the den, Shadrach in the fire, Paul in the shipwreck, Christ on the cross. Oh that we might, in our families, think more of the power of Christian pictures! One little sketch of Samuel kneeling in prayer will mean more to your children than twenty sermons on devotion. One patient face of Christ by the hand of the artist will be more to your child than fifty sermons on forbearance. The art of the world is to be taken for Christ. What has become of Thorwaldsen's chisel and Ghirlandajo's crayon? Captured for the truth. "There is none like that; give it me!"

So, I remark, it is with business acumen and tact. When Christ was upon earth, the people that followed him for the most part had no social position. There was but one man naturally brilliant in all the apostleship. Joseph, of Arimathea, the rich man, risked nothing when he offered a hole in the rock for the dead Christ. How many of the merchants in Asia Minor befriended Christ? I think of only one—Lydia. How many of the castles on the beach of Galilee entertained Christ? Not one. When Peter came to Joppa, he stopped with one Simon, a tanner. What power had Christ's name on the Roman exchange, or in the bazars of Corinth? None. The prominent men of the day did not want to risk their reputation for sanity by pretending to be one of his followers. Now that is all changed. Among the mightiest men in our great cities today are the Christian merchants and the Christian bankers; and if to-morrow, at the board of trade, any man should get up and malign the name of Jesus, he would be quickly silenced or put out. In the front rank of all our Christian workers today are the Christian merchants; and the enterprises of the world are coming on the right side. There was a farm willed away some years ago, all the proceeds of that farm to go for spreading infidel books. Somehow matters have changed, and now all the proceeds of that farm go toward the missionary cause. One of the finest printing presses ever built was built for the express purpose of publishing infidel tracts and books. Now it does nothing but print Holy Bibles. I believe the time will come when, in commercial circles, the voice of Christ will be the mightiest of all voices, and the ships of Tarshish will bring presents and the Queen of Sheba her glory and the wise men of the East their myrrh and frankincense. I look off upon the business men of our cities and rejoice at the prospect that their tact, and ingenuity, and talent will, after a while, all be brought into the service of Christ. It will be one of the mightiest of weapons. "There is none like that; give it me!"

BE DOWNHEARTED NO LONGER.

Now, if what I have said be true, away with all downheartedness! If science is to be on the right side, and the traveling disposition of the world on the right side, and the learning of the world on the right side, and the picture making on the right side, and the business acumen and tact of the world on the right side—thine, O Lord, is the kingdom! Oh, fall into line, all ye people! It is a grand thing to be in such an army, and led by such a commander and on the way to such a victory. If what I have said is true, then Christ is going to gather up for himself out of this world everything that is worth anything, and there will be nothing but the scum left. A proclamation of amnesty goes forth now from the throne of God, saying: "Whosoever will, let him come." However long you may have wandered, however great your sins may have been, "Whosoever will, let him come." Oh, that I could marshal all this audience on the side of Christ. He is the best friend a man ever had. He is so kind. He is so lovely, so sympathetic. I cannot see how you can stay away from him. Come now, and accept his mercy. Behold him as he stretches out the arms of his salvation, saying: "Look unto me, all ye ends of the earth, and be ye saved; for I am God." Make final choice now. You will either be willows planted by the water courses or the chaff which the wind driveth away.

LOAN BY-LAW.

WHEREAS, THE MUNICIPAL COUNCIL of the corporation of the City of Victoria, has resolved to raise by way of a loan the sum of $45,000, to be expended in street and bridge improvements in said city and in enlarging the area of Ross Bay Cemetery.

And whereas it will require the sum of $4,189 to be raised annually by special rate for the payment of said debt and interest as hereinafter mentioned.

And whereas, as the amount of the whole rateable property of the said corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,000 irrespective of any future increase of the rateable property of the municipality, and of any income in the nature of tolls, interest or dividends from the work, and also irrespective of any income from the temporary investments of the sinking-fund or any part thereof.

And whereas, for paying the interest and creating an equal yearly sinking fund for paying the said principal sum of $45,000, and interest as hereinafter mentioned, it will require an equal annual special rate of one-eighteenth of one per cent. on the dollar.

And whereas, it is intended to reduce the general rate so that the said special rate shall not increase the total rate of taxation.

Therefore, be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria:

1. That it shall be lawful for the Mayor of the said city to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of the debentures hereinafter mentioned, a sum of money not exceeding in the whole the sum of $45,000, and cause the same to be paid to the treasurer of the said corporation for the purposes and with the objects following, that is to say, to be expended in alterations, additions and improvements as follows:

Rock Bay Bridge.
Work Street.
Pandora Street extension.
Third Street extension.
Fernwood R[illegible]
Yates [illegible]
B[illegible]d Street.
Blanchard Street extension.
Wharf Street for sanitary purposes.
Ross Bay Cemetery.
Ontario Street.
Dallas Road.
Catharine Street and other streets.

2. That it shall be lawful for the said Mayor to issue any number of debentures to be made for such sums of money as may be required for not less than $1,000 each, and that the said debentures shall be sealed with the seal of the said corporation of the City of Victoria and be signed by the Mayor.

3. That the said debentures shall be made payable in 30 years from the day hereinafter mentioned for this by-law to take effect, at the office of the treasurer of the corporation of the said city of Victoria and shall have attached to them coupons for the payment of the interest.

4. That the said debentures shall bear interest at and after the rate of five per cent. per annum from the date thereof, which interest shall be payable yearly at the office of the treasurer of the said corporation.

5. That for the purpose of forming a sinking fund for the payment of the said debentures and the interest at the rate aforesaid to become due thereon, an equal special rate of one-eighteenth of one per cent. on the dollar shall in addition to all other rates be raised, levied and collected in each year upon all rateable property in the said municipality during the continuance of the said debentures or any of them.

6. That it shall be lawful for the said municipal council from time to time to purchase any of the said debentures [illegible] such debentures [illegible] expressed as to entitle the said council to redeem and purchase same on paying the amount thereof and interest due thereon to the date of such purchase to the holder or holders thereof, and all debentures so re-purchased shall be forthwith cancelled and destroyed, and no re-issue of debentures [illegible] in consequence of such [illegible]

[illegible] made [illegible] law shall [illegible] the 29th [illegible]

Provost R[illegible] receiver of all the Estate and Effects of the above [illegible] real estate, and to take possession of the [illegible] and to receive and collect the persons [illegible] manage and conduct his busi[ness] [illegible] strain the defendant and all oth[er] persons from interfering with him as such [illegible]
[illegible] C. PROVOST.
JAM[illegible] 1889. [illegible]
Dated, Victoria, February [illegible]

The Street Railway Guarantee By-Law, 1889.

WHEREAS, BY A BY-LAW ENTITLED THE "Street Railway Bylaw, 1888," passed by the Corporation of the City of Victoria on the 5th day of December, A. D. 1888, a charter or franchise was granted by the Mayor and Board of Aldermen of the said City of Victoria to J. Douglas Warren, Andrew Gray, David W. Higgins, Joseph Hunter and Thomas Shotbolt, to lay tracks, erect poles and string wires thereon for motor, lighting, and other electrical purposes.

And whereas, the said J. Douglas Warren, Andrew Gray, D. W. Higgins, Joseph Hunter and Thomas Shotbolt have since assigned all their right, title and interest in and to the said charter or franchise, through the Honorable John Herbert Turner as Trustee, to a company incorporated and known as the National Electric Tramway and Lighting Company, limited liability.

And whereas, the said National Electric Tramway and Lighting Company, limited liability, is desirous of prosecuting to completion the work contemplated and provided for by the said charter or franchise, and have applied to the Corporation of the City of Victoria for aid, in order that the said works may be speedily constructed and put in operation.

And whereas, it is expedient to grant the prayer of the said company for such aid by a guarantee of interest at the rate of five (5) per cent. per annum for a period of twenty years on the sum of forty thousand dollars ($40,000), for a part of the undertaking contemplated by said company, namely, for the purpose of constructing and equipping a Street Tramway or Railway.

And whereas it will require the sum of two thousand dollars ($2000) to be raised annually by special rate for the payment of said interest, in the event of the said corporation being called upon to pay the same;

And whereas the amount of the whole rateable property of the said Corporation of the City of Victoria, according to the last revised assessment roll, being for the year 1888, was $5,758,445.00, irrespective of any future increase of the rateable property of the municipality and of any income in the nature of tolls, interest, or dividends from the work, or from any stock, shares or interest in the work upon which the money so to be raised or any part thereof is intended to be invested, and also irrespective of any income from the temporary investment of the sinking fund or any part thereof.

And whereas for paying the said interest (in case as aforesaid) it will require an equal annual special rate of one twenty-eighth of one per cent. on the dollar;

And whereas it is intended to reduce the general rate so that the special rate shall not increase the total rate of taxation.

Therefore be it enacted by the Mayor and Aldermen of the Corporation of the City of Victoria as follows:

1. That the Corporation of the City of Victoria shall guarantee interest at the rate of five per cent. per annum on the bonds of the said National Electric Tramway and Lighting Company, limited liability, to the amount of forty thousand dollars ($40,000) for a period of twenty years from the date of said guarantee in manner following, namely:

2. When it shall have been shown to the satisfaction of the Corporation of the City of Victoria that fifteen thousand dollars ($15,000) of the capital stock of the said Company has been paid up by the subscribers thereto and bona fide expended in and towards the construction of a street railway in said city by said company according to their charter, the said corporation shall guarantee interest at the rate of five per cent. per annum on a first issue of bonds of the said company to the amount of fifteen thousand dollars ($15,000), the interest so guaranteed to be paid half-yearly.

3. When it shall have been shown to the satisfaction of the said corporation that a further sum of fifteen thousand dollars ($15,000) of the capital stock of the said company has been paid up by the shareholders thereof and a sum of at least forty-five thousand dollars ($45,000) has been bona fide expended in and towards the construction of a street railway in said city by the said company, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further issue of bonds to the amount of fifteen thousand dollars ($15,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half-yearly.

4. When it shall have been shown to the satisfaction of the said corporation that a further sum of ten thousand dollars ($10,000) of the capital stock of the said company has been paid up by the shareholders thereof and that a sum of at least seventy thousand dollars ($70,000) has been bona fide expended by the company in and towards the construction of a street railway aforesaid, the said corporation shall further guarantee interest at the rate of five per centum per annum on a further and final issue by the said company of bonds to the amount of ten thousand dollars ($10,000) for a period of twenty years from the date of such guarantee, the interest so guaranteed to be payable half-yearly, the proceeds of this last issue of bonds to be expended as aforesaid.

5. The liability the said corporation shall not extend beyond the guarantee of interest at the rate of five per centum per annum as aforesaid.

6. The guarantee is subject to the conditions that the said corporation shall have the right to appoint one or more auditors to examine the books of the said company, and shall have the further right to a representative on the board of directors of the said company during the whole period of the continuance of this guarantee, such representative to be nominated by the said corporation.

7. Any sum or sums of money so paid by the said corporation under its guarantee or guarantees as aforesaid shall be a first charge upon all the property and undertaking of the said company subject to the said bonds, and shall be a part of the consideration for this guarantee and shall be payable and paid to the said corporation by the said company before any dividend shall have been paid to the shareholders thereof.

8. The acceptance by said company of the benefit of this guarantee shall be conclusive evidence of the assent of said company to the foregoing clause of this by-law.

9. The form of bonds to be issued by said company to be approved of by said corporation before any liability under this guarantee attaches.

10. This by-law and the liability of the said corporation is subject to the condition that the moneys expended by the company to obtain the benefit of this guarantee and the moneys obtained from the proceeds of the bonds in respect of which interest is guaranteed by said corporation shall be bona fide expended by said company in and towards the construction of a street railway and for no other purpose.

11. That for the purpose of forming a sinking fund for the payment of said interest an equal special rate of one twenty-eighth of one per cent. on the dollar shall be raised levied and collected in each year in case said corporation be called upon to pay same upon all rateable property in the said municipality during the continuance of this guarantee.

12. This by-law shall take effect on the 28th day of June, 1889.

13. This by-law may be cited for all purposes as "The Street Railway Guarantee By-Law, 1889."

Passed the Municipal Council the 23rd day of May, A. D. 1889.

Received the assent of the ratepayers the 11th day of June, A. D. 1889.

Reconsidered and finally passed the Council this 12th day of June, A. D. 1889.

[L.S.] JOHN GRANT, Mayor.

MUNICIPAL.

NOTICE IS HEREBY GIVEN, pursuant to section 5 of chapter 92 of the Revised Statutes of Canada, intituled "An Act respecting certain works constructed in or over Navigable Waters," that the Municipal Council of the City of Victoria, Province of British Columbia, has deposited with the Minister of Public Works of Canada a plan and a description of a wharf or dock, to be used for sanitary purposes, situate at Ross Bay, in the said city, in the said province, and a duplicate of each with the registrar of deeds for the said city of Victoria.

AND NOTICE IS ALSO HEREBY GIVEN, that application will be made, after the first day of August, 1889, to the Governor-in-Council for approval of said plan and work.

WELLINGTON J. DOWLER, C. M. C.

THE BRITISH COLUMBIA FIRE INSURANCE COMPANY.

TAKES RISKS ON THE CASH OR MUTUAL PLANS.

As this is a Home Company, organized by British Columbians for the two-fold purpose of giving cheap insurance and keeping the money in this Province, it commends itself to a support of every insurer desiring the prosperity of this country.

In Ontario, a system of insurance, which is similar to that adopted by this Company, has been in highly successful operation for the past fifty years, and it has proved to be a great advantage to every insurer in it, by reducing the cost of insurance, and it is estimated that now three-fourths of the insurance affected in Ontario is carried by mutual companies.

—The Sunday school children of the First Presbyterian church will leave on the first train on Monday for Langford Plains, where they will hold their picnic.

—The steward of the Royal Hospital begs to thank Mrs. William Wilson, Quebec street, for a quantity of reading, and Mr. J. S. Brocklehurst for a quantity of vegetables.

—At a preparatory service held in the First Presbyterian church last evening, twenty were received into membership. Communion service will be held in this church to-morrow.

—How to appropriately celebrate the falling of the Bastile will be discussed by French resident of this city at the Poodle Dog this evening. The date of the event is July 14th.

—A lecture will be held in the Blue Ribbon Hall on Sunday, June 30th, at 7:45 p. m., under the auspices of the Victoria Anti-Poverty Society. Subject: Old Time Religion. Admission free.

—A carload of Antique Oak Bedroom furniture, latest designs, handsomely carved, also Walnut Roll Curtain and other office desks, just received by John Weiler 51 to 55 Fort street.

—According to a Tacoma paper, amateur dramatic artists of that city are so encouraged by recent successes as to seriously think of coming to this city and produce the society play, "Esmeralda."

—The W. C. T. U. Refuge Home committee acknowledge with thanks the following donations to the home: Dishes and cot bed from Mrs. Tilton, and $15 and centre table from Mrs. Capt. Grant.

—The Canadian Pacific railway company's earnings for the week ending June 21st, were $274,000; for the same week last year $259,000. The above does not include earnings on the Southeastern railway.

—Hastie & Lockhart make a specialty of imported goods. In design and price they lead them all. Upholstering in all its branches, and in furniture they carry a stock to suit the eyes of the most fastidious. No. 62 Government street. *

—A party remarked to a reporter on the street to-day that he had not advertised a certain thing because he "had no money to throw away." What do you think of that for a remark after spending one third of the revenue every year on education?

—Shipments from California for the east *via* the C. P. R. still continue large. The Walla Walla brought up on her last trip 45,386 lbs. wool, valued at $27,000, to be forwarded to Hartford, Conn., *via* the C.P.R., and 25,836 lbs. wool and 76 bales leather for Boston, valued at $17,038.

—A missionary on the way to Saanich, a few Sunday's ago, to preach, had his rig so badly demoralized by the bad roads that he failed to reach the congregation that day. This shows the inefficiency of the home mission work. The government must be converted before we can expect to get things right.

—One of the largest transfers of real estate ever occurring in San Francisco took place this week, when E. J. Baldwin purchased the property on which the Baldwin hotel stands. The purchase price Baldwin declines to state. The property has a frontage of 600 feet on Market, Powell and Ellis streets. Its value has been variously estimated at from $1,000,000 to $1,250,000.

—Mr. C. Bott, who lately left Nanaimo with a span of horses and a wagon for his farm on French Creek, had the misfortune to get stuck in the deep sand near Nanoose bay and was obliged to unhitch his team and leave the wagon in the middle of the road. Surely on a road so much travelled, something might be done to remedy this state of things.—*Nanaimo Courier.* Does the government hear the plaintiff cry?

Brick Improvements.

The brick walls of Drake, Jackson & Helmcken's new building will be ready for the roof on Monday, and the entire brickwork completed within a few days. The work has been done with expedition by Contractor Humber.

Tenders for A. A. Green's new brick building, to be erected on the northwest corner of Broad and Trounce streets, were sent in to-day to Mr. John Teague, architect. The buildings will cover a good deal of ground and the cost will be between $15,000 and $20,000. The brickwork alone is estimated at over $10,000, while the galvanized ironwork will foot up $3,000, the balance will be carpenter work.

Another Libel Suit.

We understand that an action for libel has been entered against one of the Nanaimo papers by a prominent professional man of that city. Damages will be laid at $10,000.

To-Night.

Everyone should not forget to attend Mr. John Chester's benefit to-night at Philharmonic Hall. A grand programme will be given including the Victoria amateur minstrels in songs, dances, comedy, etc. This will be an entertainment to be remembered.

Notice of Motion.

Alds. Wilson and Goodacre at the next meeting of the board of aldermen will ask leave to introduce a by-law to aid in the construction of the Victoria, Saanich and New Westminster railway, and for the corporation taking shares in the said railroad.

Correction.

Subsequent developments are to the effect that the bark Janet Ferguson did not strike on the unlucky rock which stranded the Sardonyx and other ships. The Ferguson in making the short turn around the buoy simply grated her stern on the mud shoal, doing no damage and causing no detention.

Young Men's Christian Association

There will be a meeting for young men at the rooms to-night, at 8 o'clock, conducted by Herbert Roper. At the gospel service, to-morrow, there will be an address by the Rev. Percival Jenns, rector of St. John's church. These services are for men.

Major Nicholles.

The promotion of Capt. John Nicholles to the rank of major in the B. C. B. G. A. *vice* Major Prior promoted to colonel, is announced. Major Nicholles has been connected with the militia of the province for many years and has taken an active interest in it. His promotion is a popular one and will be generally regarded as the reward of services faithfully performed.

Sacred Concert.

The Sacred Concert Band will perform the following selections in the Park to-morrow afternoon, commencing at 3 o'clock, under the leadership of Prof. Pferdner:

Processional March	Hare
Il Trovatore	Verdi
Gospel Hymns	Bennet
German Melodies	Pferdner
Rock-a-Bye-Baby	Canning
Silvery Rhine	Meissler
Pleasant Memories	Beyer

From Siam.

The British bark Janet Ferguson, 581 tons, Capt. E. J. McGibbon, arrived in Royal Roads Friday morning early, 101 days from Bangkok, Siam, via Japan, 31 days. She brought 820 tons of paddy for Hall, Ross & Co. The trip was uneventful and nothing of a serious nature occurred. About two weeks ago a south-west gale was struck, and ... Flattery the vessel ... days, the rain fa... combination ... dislike.

... going north on ... vessel will be General R. A. Alger and Mrs. Alger, accompanied by his unmarried daughters, Fay and Francis, his eldest son, Russel, and wife of O. C. Poe, formerly General Sherman's chief of engineers, but now in charge of the harbor at Detroit, Michigan, and ex-Senator T. C. Platt and Mrs. Platt. The latter lady will take a camera with her to obtain views of the great northern country.

The Vancouver Celebration.

The number who will attend the celebration at Vancouver on Monday and Tuesday will be very large. Victoria will compete in nearly all of the interesting and principal events, and it will be a great surprise if she does not do so successfully. The Islander, which leaves at the usual hour, will carry a great many passengers all the berths being already engaged. The Louise will leave at midnight on Monday night and the Islander at 1 a. m. on Tuesday for the Terminal City.

Decolette by a Trifle.

The appearance of the Lilly Clay Gaiety Company's posters through the city recalls to mind the experience of these same bills in Winnipeg a week or two ago, when the bill poster was pulled up before the police court on a charge of causing obscene pictures to be exhibited. The defendant was finally discharged. The pictures are no doubt a trifle suggestive, the style of dress represented being of the most scanty and decolette description. Winnipeg had often seen as bad before, but Winnipeg likes a sensation and must have something to think about.

Grand Forester's Fete.

The members of the A. O. F. intend holding a grand demonstration in Victoria on Saturday, August 3rd. The courts in various parts of the province will participate in the same. Special excursions are to be arranged at cheap rates for the convenience of those wishing to attend. The grounds of the Caledonian society have been secured and will be decorated in a lavish manner. The members of the order, several hundred in number, will parade the city headed by bands of music and with their beautiful banner march to the grounds where the old English sports will be carried out, and dancing on the large platform will be indulged in.

Library Record for June.

An examination of the registry of the public library this afternoon revealed the following record for the month of June: Novels taken out by ladies, 226; novels taken out by gentlemen, 265. Books, other than novels, taken out by ladies, 79; books other than novels taken out by gentlemen, 286. Total taken out by ladies, 305; total taken out by gentlemen, 551; grand total, 856. Mr. McGregor, librarian, observes that this is, taking it generally, a good record. Having a knowledge of the 286 books, "other than novels," read by the men, he questions if a better showing could be made in any part of America. All of which goes to show that the intelligence of the most has an existence in more than name.

Talking Through a Man.

One of those things which occasionally happens to paralyze the ordinary reporter, accustomed as he is to strange phenomena in court and out of it, occurred in this office the other day when the intelligent lineman of the Victoria Telephone company came in to make slight repairs to the instrument. There was something wrong with the wires which were pulled up and the ordinary connection with the system thereby cut off for the time being. The reporter intimated that he wanted to call up a party as soon as things were in order for it. "Go-ahead" said the lineman, grasping the end of one of the wires with one hand and a gas pipe with the other; "ring him up." And sure enough he was rung up and for two minutes the reporter and the man at the other end carried on a conversation through that lineman, who is still alive and climbing.

Cedar Hill School.

The children at Cedar Hill school had a pleasant time yesterday, on the occasion of the public examination and closing for the holidays. The pupils were examined in reading, spelling, arithmetic, composition and geography. A few recitations showed their attainments in elocution. These, and music by some of the talented pupils in that department, enlivened the proceedings. The following obtained rolls of honor:

Jessie Laing, for proficiency; William Wood, for deportment; Mary White, for punctuality and regularity.

Miss Jessie Laing was presented with an entrance certificate for admission to the high school. The trustees each expressed great satisfaction with the result shown, and great credit is due the teacher, Mr. Landells. The afternoon was devoted to picnicking, and was thoroughly enjoyed by the youngsters, who entered most heartily in the races, jumping and games.

Cadboro School Examination.

The closing exercises of the above school took place on Friday afternoon in presence of a large number of visitors. Among those present were Trustees Thistle and Deans, Mrs Thistle, Mrs Maynard, Mr and Mrs Pickard, Mrs and Miss Sinclair, Mrs Fuller, Mrs Evans, Rev Mr and Mrs Rugg, Mrs Branch, Mrs Petherick, Mr and Mrs Finnarty, Mr J Deans, Miss Deans, Mr and Mrs Ohlson, Mr and Mrs Clark, Mr and Mrs Wilson, Miss A Lee, Miss F Lee, Miss Boyce, Miss M Pickard, Miss J Pickard, Master G Pickard, Master G Reynolds, Master F Reynolds, Mrs and Miss King, Miss S O King. Twenty pupils sat down to their various studies and marked their progress in a very efficient and satisfactory manner and showed a standard of improvement under their efficient teacher, Miss M Pickard. The visitors were delighted by being entertained by the following programme, which was ably carried out by the children assisted by their teacher:

Song	To the Lillies
Recitation	Mr. Nobody
Katie Simpson.	
Lessons in Geography.	
Lessons in Primary Arithmetic.	
Song	Music is a Blessing
Recitation	The Tempest
Willie Sinclair.	
Recitation	The Smallest Boy in School
Walter Thistle.	
Composition	How Glass is Made
Annie Clark.	
Duet and Chorus	
Mary King and Maggie Merriman.	
Recitation	I'm Only Four Years Old
Nellie Ohlson.	
Recitation	Wrong Application
Willie Petherick.	
Reading	Drummer Boy's Burial
Mary King.	
Song	Love at Home
Concert Recitation	Vacation

Addresses were made by the trustees, Rev. Mr. Begg, Messrs. Finnarty, Wilson, Ohlson and Clark, each congratulating the children on the improvement that they had made during the past six months under their painstaking teacher. The visitors treated the children to fruit and cake. Three hearty cheers were given Miss Pickard by her pupils, after which all departed for their homes having spent a happy and pleasant afternoon.

Rolls of honor were awarded for proficiency to Annie Sinclair; deportment, John Joseph Finnarty; regularity, Nils Herman Ohlson; certificate of entrance to high school, Elizabeth Annie Clark.

SOUTH SAANICH SCHOOL.

The Midsummer Examination—A Successful Year.

The annual examination of this school was held on the 27 of June. There were twenty-nine pupils and seventeen visitors present. Among the visitors were Trustees Heard and Bryant and Rev. and Mrs. Gregory. The children were examined in the various subjects taught in the school and acquitted themselves with credit. A pleasing feature of the day's work was some well rendered ... ings, recitations, etc., by ... Roll of honor for the ... Annie Turgoose; ... Ethel Heard for ... conduct. Trustee Bryant and the teacher gave special prizes for spelling, which were awarded to John Richardson and Carrie Turgoose. Encouraging speeches were made by Trustees Heard and Bryant, Rev Mr Gregory, and Messrs Alexander, Spotts and Auckland. The proceedings were brought to a close by singing "God Save the Queen." Mr R L Fraser is teacher of this school.

THE CHINESE GIRLS' HOME.

Not Behind the Times—They Have an Examination Day.

In keeping with the times, the girls of the Chinese Home were yesterday subjected to a most searching examination by their highly competent matron, Miss Leake. The various exercises were performed with remarkable precision. English words in two and three syllables were spelled with astonishing accuracy. Even mental arithmetic formed a part of the exercises, and in this they were not deficient, adding, subtracting, and dividing like so many lightning calculators. An interesting feature in connection with the examination was the repeating of Scriptural passages in English and Chinese. When the fact that some of these girls were but eighteen months ago, so many illiterate benighted pagans, the advance made by them, as revealed in yesterday's examination, is really remarkable. A number of ladies and gentlemen interested in the home, or otherwise attracted by the novelty of the occasion, were present at the examination, and expressed themselves as highly delighted with what they heard and saw.

CHURCH NOTICES.

METHODIST CHURCH.—Rev. J. E. Starr is away at Vancouver to take part in the dedication services there on Sunday and Monday. Rev. J. W. Wadman will preach to-morrow in the Gorge Road Church in the morning and at Pandora Street Methodist Church in the evening. Rev. W. W. Baer will preach in Pandora Street Church in the morning and in the Gorge Road Church in the evening.

GOSPEL TENT.—Preaching in the Gospel Tent to-night at 8 p. m. Subject, "What is due to God, and what to Cæsar?" Sunday, 3 p. m., subject, "Christianity and the Roman Empire." Sunday, 8 p. m., subject, "Religious Legislation."

An Enormous Panther.

On Wednesday night a large panther killed and carried away a colt weighing about 300 pounds belonging to Mr. John Tippet, of Nanaimo bay. The panther dragged the colt about 50 yards over large logs and rocks. Mr. Emanuel Throupe, a member of the Salvation Army, was camped close by, but not having a gun he was powerless. In fact the informant says he was badly scared as he hard the groans of the poor colt, and shook with fear, but prayed to God to keep the wild animals away. Strychnine was placed in the remains of the colt and the settlers expect to find the "varmint" stiff and cold in a few days.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

Passengers Arriving.

Per steamer North Pacific, from the Sound—R S Thompson and wife, Miss Thomas, Mrs W H Newman, B S Johnson and wife, W H Newman, C F Cadwell, Miss Parins, Mrs Fitzpatrick, ... wife, D H Webster, H Hicks, M Brown, T Moffatt, C S Birch, Mrs Body, C H Brown, H Smith, T F Croft, G Bush, E H Morrison and wife, L A Price, F A Miller, C H Wells and wife, W Ellison, Miss Core, Miss Bossen, J Mann, R E Knowles, C Woodham, B Adams, C Adams, R Allen, W H Palmer, P Cubor, J C Sadderly, A L Parker, W Hutchinson, J Smith, H Young, E D Sutton, J Cameron, G Stuck, Mrs F ... and daughter, J Jackson, F A Cline and wife, T H Davis, Miss Chapman, C K Share, J Cleary, J A Johnson, H P Hart, D W Frans, C McNab, W Morgan, J Collins, W B Conrad, C R Clow, F Foster, M J Henney, F H Raiff, Miss Knight, Mrs Roller, E Crane, M K Kennedy.

NEW ADVERTISEMENTS.

A BY-LAW

For Raising Municipal Revenue.

BE IT ENACTED BY THE MAYOR AND Council of the Corporation of the City of Victoria as follows:

1. This By-Law may be cited as "The Revenue By-Law, 1889."

2. The "Interpretation By-Law" applies to this By-Law.

3. From and after the passage of this By-Law the general municipal revenue of the City shall be raised, levied and collected from the sources hereinafter mentioned, namely:

[a] Taxes upon real estate and improvements thereon;
[b] Licenses;
[c] Road Tax;
[d] Dog Tax;
[e] Taxes upon such personal property as is not the subject of taxation for provincial purposes, and
[f] Taxes on clubs.

4. There shall be raised, levied and collected in each year upon all the real property and improvements on real property mentioned in the assessment roll for the time being in force in the City of Victoria an equal rate of 7-10 of one per cent. on the assessed value thereof as appears by said roll.

5. The aforesaid taxes shall be due and payable by the person or persons liable for the same to the Collector of the said Corporation at his office in the City Council chambers in the City of Victoria on the 30th day of November, in the year 1889, and on the same day of the month of November in each other year.

6. Every person using or carrying on within the limits of the Corporation of the said City any of the trades, occupations, professions or business mentioned in Schedule "A" hereto particularly described, shall take out a periodical license for such period as in the said Schedule set out, and shall pay therefor such periodical sum as is therein specified, which said sums shall respectively be paid in advance to and for the use of the Corporation of the City of Victoria and their successors.

7. No person shall use, practice, carry on or exercise any trade, occupation, profession or business in the said Schedule "A" described or named without having taken out and granted to him, her or them a license in that behalf. The licenses to be granted as aforesaid may be in the form of Schedule "B" hereto, and the same are to be granted so as to terminate on the 30th June and 31st December, and no proportionate reduction shall be made on account of any person commencing business.

8. ROAD TAX. In addition to the annual rate on the property comprised in the assessment roll and to the amounts to be levied and collected by means of licenses for using or following the several trades, occupations or professions specified by law in that behalf, every male person above the age of eighteen years and residing or living or personally engaged or ... business or occupation in the ... shall on demand ... Collector of the City at his office at ... for the use of the Corporation the ... sum of two dollars ($2.00) by way of ... tax.

... always that any person (whether ... or not) paying the said tax, who is assessed on the municipal roll for Real Estate Tax shall be entitled to have the amount so paid applied on or towards payment of any real estate tax for the time being owing by him.

9. Every person who owns or for the space of one month harbors or possesses any dog shall for each such dog, if running at large, pay to the Collector of the City for the use of the Corporation an annual tax or sum of two dollars.

10. The penalties and procedure for enforcing section 6 of this By-Law and the Schedule referred to therein shall be those contained in Sections ... of the Municipal Act, 1889.

In all other cases of ... of this By-Law the penalties and procedure ... those mentioned in Sections 105 and 106 of the Municipal Act.

11. So much of every By-Law which relates to revenue as in anywise conflicts with or is inconsistent with the provisions of this By-Law is hereby repealed so far as is necessary to give full force and effect to this By-law and no further.

Passed the Municipal Council the 25th day of May, A. D. 1889.

Reconsidered and finally passed the Council this 28th day of June, A. D. 1889.

[L. S.] JOHN GRANT,
Mayor.

WELLINGTON J. DOWLER,
C. M. C.

SCHEDULE "A."

1. Each person who vends spirituous liquors by retail at any house or place within the limits of the City of Victoria, or vends fermented liquors by retail at any house or place within the limits of the City of Victoria other than a restaurant in respect of which he holds a license for the sale of beer, porter, wines with meals and not otherwise) for each house where such vending is carried on $100 for every six months.

2. Each person not having a license to vend by retail as mentioned in section one of this Schedule vending, bartering or trafficking by retail in fermented, spirituous or other liquors in a shop, store or place other than an inn, saloon, ale or beer house or other house of public entertainment in quantities of not less than a reputed pint bottle at any one time to any one person and at the time such wholly removes and takes away the liquor in quantities of not less than a reputed pint bottle, for each house or place where such vending is carried on $75 for every six months.

3. Each person not having a retail license to vend as mentioned in sections one and two of this Schedule and vending spirituous or fermented liquors by wholesale, that is to say in quantities of not less than two gallons at any one time, at any house or place within the City limits other than any house or place in respect of which he holds a license to sell such liquors by retail, for each house or place where such vending is carried on $50 for every six months.

4. Every person who keeps a restaurant and supplies beer or porter or wines with meals and not otherwise, for each such restaurant where such vending is carried on other than any restaurant in respect of which he holds a license to sell spirituous or fermented liquors by retail $50 for every six months.

5. Each person keeping a saloon or building where a billiard table is used for hire or profit, $5 for each table for every six months.

6. Each person keeping a bowling alley or rifle gallery, $5 for every six months.

7. Each person selling opium (except chemists and druggists using the same in preparation of prescriptions of medical practitioners), $250 for every six months.

8. Each person who smokes opium, $5 for every six months.

9. Each person carrying on the business of a wholesale, or of a wholesale and retail, merchant or trader, $50 for every six months.

Every person who either on his own behalf or as agent for another or others, solicits or takes orders for goods, wares or merchandise, to be supplied or furnished by any person or firms doing business outside of the Province, and not having a permanent and licensed place of business within the Province $10 for every six months.

10. Every retail trader $5 for every six months. The licenses mentioned in sections 9 and 10 of this schedule enable the person paying the same to change his place of business at pleasure, but not to carry on business at two places at the same time under one license.

11. Every hawker or peddler, $50 for every six months.

12. Every person who keeps or carries on a public wash-house or laundry, $5 for every six months.

13. Every person who carries on the business of a pawnbroker, $125 for every six months.

14. Each person or persons the owner or owners of cabs, buggies, carts, wagons, carriages, omnibusses and other vehicles, kept for hire, $2.50 for every six months for each vehicle. Provided, that no person or company holding a licence under this section shall be liable at the same time to take out or pay for a license in respect of the livery stable at which the vehicle mentioned in such license is kept.

15. Every livery stable keeper, $10 for every six months.

16. Every person owning a pack train of more than six animals, freight wagon, stage coach or omnibus used in transporting goods for profit or hire a distance beyond ten miles from the City of Victoria, $5 for every six months.

17. Each person owning a pack train of less than six animals, dray, wagon or omnibus used in transporting goods and passengers for hire, or profit within a distance of ten miles from the City of Victoria $2.50 for every six months.

18. Every person carrying on, on his own account the business of a banker at one place of business, $400 for every twelve months, and for each other place of business $100 for every twelve months.

19. Each person practicing as a barrister or solicitor, $12.50 for every six months.

20. Each person (other than a barrister or solicitor who has taken out a license to practice as such) following the occupation of a conveyancer land agent or both, $12.50 for every six months.

21. Each auctioneer (not being a government officer selling by auction government property, or sheriff or sheriff's officer, or bailiff selling lands, goods or chattels taken in execution or for the satisfaction of rent or taxes) in addition to any other license before mentioned $50 for every six months.

22. Every person who exhibits a public circus or menagerie, $50 for each exhibition.

23. Every person following within the Municipality of the City of Victoria any trade, occupation or calling not hereinbefore enumerated or who enters into any contract or agreement to perform any work or furnish any material, $5 for every six months. Provided always that no person employed as a journeyman or for wages only and not employing other persons or having a regular place of business shall be subject to the provisions of this section.
